Sir:

Attached herewith are three substitute sheets for Figures 1, 2 and 5. These figures have been amended in accordance with Examiner Lamb's request. Specifically, in figure 5, transistor N4 has been amended to illustrate a "Nmos transistor" instead of a "Pmos transistor". Also, transistors N5 and N6, in all three figures, have been amended to illustrate "Nmos transistors" instead of "Pmos transistors".

No new matter has been added by the amendments. The amendments were made solely for consistency purposes such that the figures would be consistent with the specification.
